PARK ST. CONGREGATIONAL

Park Street Congregational church, on the main thoroughfare of the East Side, invites all stranger people and residents not connected with other churches, to services in its renewed house of worship tomorrow.

At 10:30 in the morning the minister, Dr. Gerald H. Beard, will preach on "Prayer as a Channel of the Spirit's Power." This is one of a course of sermons on "The Chief Messages and Values of Christianity to the Modern World." The choir will render the Magnificat by Parker, and "The King of Love My Shepherd Is."

The church school is beginning this month its new studies for the year, and offers a splendid opportunity of religious education for both adults and children. The men's class, which is studying "The Foundations of the Hebrew State," and the Kappa Nu club will be found of special attraction to men.

At the evening service Dr. Beard begins tomorrow a series of addresses on "The Wealth of Jesus." The first of the four will have for its special word, "Come—Be Satisfied." These addresses will seek to connect the teaching and offer of Jesus with the most practical needs of men in our time. An inspiring musical service in harmony with the theme is planned by the director of music. All things are free in this church, and visitors from out of town are welcome to use them.

TWO CHURCHES TO JOIN WITH UNITED CHURCH

At the United Congregational church tomorrow morning at the 10:30 o'clock service, Dr. William Horace Day will preach on the subject, "I Am Debtor." The Holy Communion will be celebrated at a 5 o'clock vespers service in the afternoon, and new members will be received. An impressive part of the service will be the reception of the pastors of the two churches which will then formally become branches of the United church, Rev. Maurice J. Dunne of Bethany chapel and Rev. Carlo Ceretta of the Italian Congregational church. After their reception as associate pastors of the United church, they will assist Dr. Day, pastor of the church, in the services of the Holy Communion.

Next Sunday evening Oct. 12th, Community Forum will open for the season, with Dr. Charles R. Brown, of Yale, as speaker on the subject, "Why I Am Not a Socialist." A. C. Shaw, president of the Forum, has secured some unusually splendid speakers for the Forum series this winter. On the 19th, Hamilton Holt, editor of the "Independent," will speak on "The League of Nations—An Inside View." Mr. Holt was in Paris during the Peace Conference.

YOM KIPPUR CELEBRATED IN ALL SYNAGOGUES

No Good Jew Will Eat For Entire Day.

Today is Yom Kippur, the great Jewish Day of Atonement. It will be faithfully celebrated in all the Jewish synagogues, institutions and homes in America. To its sanctity as the most important of the Fast Days, there is added a double significance for the calendar has brought Yom Kippur on the Jewish Sabbath, making it a doubly sacred day, and it is perhaps the most tragic day of Atonement in the history of ancient Jewry. America is the only land in which the new month of Tishri, the Hebrew January, brings any joy to the Jewish population. The year of 5680, reckoning from the Day of Abraham on the Jewish calendar, closed on September 25th, the Feast Day of Rosh Hashanah. It was not a feast day for some six million starving Jews of Europe because every day for the four years has been a fast day for most of them. So today's Yom Kippur has not been too easy for these millions to observe.

The Yom Kippur fast, during the twenty-four hours when no good Jew will allow food to pass his lips, will be little more than a continuation of the five year fast that has been the lot of the 6,000,000 Jews in Europe.

The fortnight between Rosh Hashanah and Yom Kippur is observed as a period of repentance, during which the Jewish Judge weighs the earthly deeds against each individual before entering his final fate in the Book of Judgement. This year it is a period of deep sorrow and grief for many American Jews. The records of Jewish relief agencies in New York show that several hundred thousands have been without food to trace their dear ones abroad who have been swallowed up in the chaos of war when communications were broken. These people are at a loss whether to hope that their loved ones are dead or that it is their fate to face a new year of terrible suffering and sorrow.

Another sad phase of this year's Yom Kippur will be the memorial service for the dead. Almost every Jewish family in the stricken countries, together with many in America, will mourn the loss of one or more of their members.

In view of the terrible situation abroad, Jews throughout the country have organized campaigns and drives to raise a total of \$35,000,000 in the United States under the direction of the American Jewish Relief Committee, the Central Relief Committee, and the Jewish People's Relief Committee, which are appropriately culminating in many states with the beginning of the Jewish New Year.

GOV. HOLCOMB'S PROCLAMATION FOR THRIFT WEEK

Hartford, Oct. 4.—Governor Holcomb today issued a proclamation urging the citizens of Connecticut to observe Thrift Week, beginning Monday, October 6th, as a means of reducing the high cost of living, bringing about a universal knowledge of systematic saving and the extension of the knowledge of safe investment to all.

It is as follows: "In accordance with a request of the Treasury Department of the United States, I hereby request and urge that the citizens of Connecticut observe the week beginning Monday, October 6th, as THRIFT WEEK. If our nation is to receive relief from the present unrest and from the high prices of all necessities of life, it is necessary that our people shall save systematically and buy wisely.

"Prices of commodities cannot be reduced without the help of the people. Therefore I urge that every man, woman, and child in Connecticut realize the importance of buying wisely to reduce the demand; using wisely to avoid waste; saving regularly to provide for the future, and producing more for his own and his country's welfare. It is the desire of those in charge of arrangements for THRIFT WEEK that special emphasis be laid on the nationwide effort now being made to reduce the high cost of living. Let us increase our savings and extend the knowledge of safe investment to all our people."

THE PEOPLES CHURCH.

Tomorrow the annual autumn rally of the People's Presbyterian church, Laurel and Park avenues, will begin in its several departments. This means that members and friends all attend and lend a hand.

The sermon of the minister, Rev. H. A. Davenport, may shatter some cherished idols of thought, but will substitute choice realities for mischievous delusions. It will consider the dramatic incident of Jesus' first visit to the Jewish metropolis. Lurid and deeper emphasis is being placed on scripture, praying and congregational praise which the male quartet cordially help to stimulate. The varied exercises of the school at 12 m. will be conducted from the desk by Superintendent Harrington, assisted by an invited speaker and orchestra.

The Christian Endeavor service at 6:30 p. m. will include the usual first Sabbath concertation, and the installation of officers and committee-chairmen recently elected for the coming year.

\$500 FOR CORPUS CHRISTI.

The Board of Apportionment last evening set aside from the unexpended balance in the special salaries account \$500 for the relief of the stricken citizens of Corpus Christi, Texas, where cyclone recently destroyed the place and cost one thousand lives.

DON'T.

DON'T—Carry a lighted match, candle or lamp into a clothes closet. It is dangerous.

DON'T—Allow paper, rags or rubbish in the ceiling attic or closet. Clean up during the month of November.

DON'T—Use kerosene to light the fire in the kitchen stove. Many women have been burned to death by so doing.

DON'T—Forget to disconnect the electric flat iron when leaving it even for a moment. Thousands of fires have been caused by electric flat irons.

DON'T—Fail to remind people who smoke to be careful where they throw their cigar or cigarette butts. They constitute one of the worst fire causes.

DON'T—Allow children to play with matches or leave matches where small children can get at them and set fire to themselves and their homes.

DON'T—Carry a match, candle or lamp into the cellar at night as it is safer to do your cellar work in daylight.

DON'T—Smoke in bed. It is a foolish habit.

DON'T—Forget to clean out your stove and furnace pipes. Have your chimney cleaned.

DON'T—Try to "get by" with a rusty or broken stove or furnace pipe. It is cheaper and safer to put in a new one.

DON'T—Put ashes in a wooden barrel or box, pile them against a wooden partition in the cellar.

Co-operate with the Fire Department to do all that you can to prevent fire. Caution your friends against fire risks.

K. OF C. WILL EXTEND THEIR SCHOLARSHIP

The Knights of Columbus have decided to extend scholarships to each man who successfully qualified in the entrance examinations which have been held at the colleges and universities selected, excepting one or two instances. In the first announcement of the scholarship awards to all former soldiers, sailors and marines it was planned to award fifty scholarships to the men best qualified for academic training and fifty more to veterans who sought scientific courses which included mining, agricultural and engineering courses.

So remarkable have been the percentages attained by the former service men, the Committee on War Activities in charge of the scholarships decide to extend the awards. The Committee made the following announcement: "The applications of the former service men for Knights of Columbus free scholarships having been received, and the entry examinations held, the committee feels that so many men have made such a good showing in their examinations, that it has decided to extend the scholarship to each and every successful candidate."

The several hundred men who participated in the examinations represented some forty-four states.

Doctors Prepare To Fight Grip

Expect Renewed Outbreak of Epidemic This Fall.

Medical authorities agree that there is great likelihood of another grip epidemic during the next few months. They say that in the past, serious epidemics of grip have usually repeated themselves for three and sometimes four years and they fully expect that last year's scourge will again make itself felt in all sections of the country. Every effort is being made by health authorities to combat the danger.

Medical duty to see that every member of the family is put into the best possible physical condition to fight off an attack of grip. For this purpose no better tonic food can be used than Father John's Medicine, which is all pure and wholesome nourishment which builds up new, resisting power.

However slight a cold may appear when it first develops, it should not be neglected. It is important to remember that Father John's Medicine has been in use for more than sixty years in homes and hospitals throughout the country for colds and as a tonic body-builder. By soothing and healing the mucous lining of the breathing passages gives relief from irritating coughs. Its pure food elements make new flesh and strength. Remember, Father John's Medicine is guaranteed free from alcohol or dangerous drugs.
